

Distressed Property

Distressed Property Services

Owning distressed property doesn't mean you need to sell at fire sale prices. Results Real Estates' experience in commercial property can help maximize recovery of your distressed assets. We can develop and execute a turnaround plan specifically tailored to your situation and business needs.

Results Real Estate has developed a multiple phased process designed to expose and address all problems associated with the distressed property and resolve them as quickly as possible while protecting your business interests.

- We offer creative alternatives, tailor made to your situation that are designed to maximize your recovery.
- We provide expert and detailed analysis of your situation, no detail or opportunity will be left uncovered.
- We will provide aggressive and proactive marketing.
- We will aggressively and tenaciously represent your interests.
- We offer a wide range of resources, talents and expertise to create a team that is best equipped to maximize your recovery as quickly as possible.

Results Real Estate guarantees prompt, efficient and courteous service. Let us help you maximize your commercial real estate asset performance and value.
