

RREI Announces Sale of Commercial Buildings in St. Paul

Results Real Estate Incorporated (RREI), a commercial real estate company that specializes in finding creative property solutions, announces the sale of two commercial properties. The properties, located in St. Paul Minnesota, were used for office; light manufacturing and storage. One was 22,000 SF and the other was 39,500 SF, the respective closing dates were June 29th and June 30th. The properties were purchased by a local investment company.

The properties were listed 4 years ago, but it wasn't until RREI got involved last September when prospective buyers were found and negotiations were initiated. Results Real Estate Incorporated has a multiple phase proprietary system developed over several years that ensures that every detail, every potential problem and every need that the client has is addressed and planned for.

The client was very pleased with the negotiated price and the speed of the sale. "I and my siblings had 2 commercial properties to sell in St. Paul. We had started this process over 4 years ago. We hired Arnie Seltzer as our Commercial Real Estate Agent in late September 2020. He performed a small miracle and got the job done in less than a year! Arnie is a mover and a shaker. We are very pleased with the price achieved and the fact that both properties closed within 24 hours of each other. Arnie demonstrated great diligence by making sure all the i's were dotted and t's crossed in all documents. We appreciate his tenacity, high energy and willingness to look out for our best", said Carol A Lugg, property owner.
